Library Introduction

Librarians & Research Help
Faculty librarians at Archer Library are available to meet with graduate students to discuss research strategies and provide search assistance.

Schedule a Research Appointment
Meet with a librarian in-person or online via email or Teams. To schedule a research consultation:
- Email library@ashland.edu,
- chat with us online on the library website,
- call us at 419.289.5402, or
- visit Archer Library during reference hours.

During the fall & spring term, librarians are available Monday through Thursday, 10 a.m. to 5 p.m. and Friday, 10 a.m. to 4 p.m. Summer hours are Monday through Friday, 10 a.m. to 4 p.m. Visit our website for more information.

Databases & Inter-library Loan
Library databases provide access to an extensive collection of full text article resources, and we offer free inter-library loan services when full text is not available. Simply log with your AU credentials and complete the form; articles are delivered to your AU email account. Did you know? It is possible to request literature reviews from theses and dissertations. We can help.

Literature Reviews
The start of your literature review is the best time to meet with a librarian. Why? Librarians can help you structure a search, suggest Boolean strategies, use search limiters and truncate search terms, and provide tips for managing your search.
